

MUHAMMED NIHAL CP

PYTHON DJANGO DEVELOPER

Bengaluru, India | muhdnihal3200@gmail.com | <https://www.linkedin.com/in/muhammed-nihal-cp/> | <https://github.com/MUHAMMEDNIHAL-CP> | <https://nihalnechu.pythonanywhere.com/>

SUMMARY

As a dedicated Python Django Developer, I specialize in crafting scalable, secure, and efficient back-end systems that serve as the backbone for modern web applications. With a strong command over the Django framework, I build Rest Api, manage databases, and ensure seamless integrations to deliver high-performing solutions.

TECHNICAL SKILLS

Python	HTML, CSS	SQLite, PostgreSQL
Django	Bootstrap	Git, GitHub
REST APIs	AWS	Postman

PERSONAL PROJECTS

Ecart

- The ECART website, developed using Django with integrated HTML and CSS, is a modern and responsive e-commerce platform aimed at revolutionizing the retail shopping experience. It is designed to deliver an efficient, intuitive, and visually appealing user experience for shoppers and administrators alike.

Todo App

- The Todo App, developed using Django, HTML, CSS, and Bootstrap, is a sleek and efficient web-based task management tool designed to help users organize their daily activities and boost productivity. The app provides an intuitive and user-friendly interface, making task tracking effortless and visually appealing.

Doctor Website

- The Doctor Website, developed using Django, HTML, CSS, and Bootstrap, is a comprehensive and user-friendly platform designed to connect patients with healthcare professionals. The website features a clean and modern design, making it easy for visitors to access medical information, book appointments, and interact with doctors online.

Django REST API

- The Django REST API is a robust and scalable back-end solution designed to power modern web and mobile applications. Developed using Django, the Django REST framework, and PostgreSQL, this API provides a seamless way to manage and interact with data, ensuring secure and efficient communication between clients and the server. PostgreSQL, a powerful and reliable open-source relational database, adds to the efficiency and flexibility of data management.

EDUCATION

Higher Secondary

- **Computer Science**

ADDITIONAL INFORMATION

- **Languages:** English, Malayalam.
- **Certifications:** 100 Days of Code: The Complete Python Pro Bootcamp.
- **Activities:** Reading, Content creation, Video editing, Gaming
